The HPFL Recipient Commitment Document has been created as a means to help you make a wise decision before virtual training with Hero's Puppy for Life Organization (HPFL). Unfortunately, several individuals in the past have abused the charity of this organization and simply walked away or have taken advantage of the service dog training we have provided for their own puppy. In those cases they have taken advantage of donor funded charitable gifts with no regard for the consequences of their actions. **This document is a result of their actions and is not placing suspicion on you.** *We want to help you have a better life while living with your PTSD.* As a possible recipient of donor funded benefits, you must understand and accept that your actions in regards to this program do have consequences for both you and Hero's Puppy for Life Organization.

- ~~1. If HPFL places a puppy with you, do you understand and acknowledge that HPFL will expend a minimum of \$5,500, and potentially more, of donor funds for you and your puppy throughout the course of nine months or more of training?~~

Not applicable outside the State of Colorado

2. Have you discussed having a "**service dog in training**" puppy and future service dog with your spouse, partner, living mate, or family members? Please explain what is their position on this?
3. Have you discussed having a "**service dog in training**" puppy with your employer and HR personnel? Please explain what is their position on this?
4. Have you discussed having a "**service dog in training**" puppy with your landlord? Please explain what is their position on this?
5. You will be training a "**Service Dog in Training**". It will not be a ADA-compliant Service Dog trained by HPFL until it has successfully completed our training program. Acknowledge in your words that you WILL NOT attempt to present it as a "service dog" until such time as it has graduated the Advanced Excellence in Canine Behavior Evaluation.
6. **Training a dog to become a service dog is extremely and legally important. HPFL holds your puppy's training in the same light.** With the exception of a family emergency, death in the family, or yours or an immediate family members illness, **YOU MUST complete all virtual training lessons.** **Not completing a lesson in each course of training for longer than two months is grounds for dismissal from the training program.** **At such time your course will be closed to you and marked incomplete.** Are you willing to accept this requirement?
7. In the HPFL training program, you will be required to socialize your puppy in different environments each week based on a checklist requirement. **Your failing to meet these socialization requirements can constitute missing training requirements and will be treated the same as missing a training session.** Are you willing to accept this requirement?

~~8. Should you leave the program either by being dismissed for non-compliance with the program requirements, just quitting, or returning the puppy, you will be billed for all training expenses incurred by HPFL on your behalf. Those expenses include any and all of the following,~~

- ~~A. Each training session provided to you at the cost of \$85 per session either in person or via virtual training, including all session(s) that you missed.~~
- ~~B. Reimbursement of any and all veterinary medical expenses incurred by HPFL on behalf of you or your puppy.~~
- ~~C. The cost of paying \$300 per week for a puppy sitter from the date you surrendered the puppy until the date the puppy is placed in a satisfactory re-home approved by HPFL.~~

~~Are you willing to accept these financial consequences in the case of you being dismissed from the program for any reason, you voluntarily quit the HPFL training program, or returning the puppy? Please acknowledge this in your own words.~~

Not applicable for the virtual training program.

9. In your own words, please acknowledge that you understand that you will be solely responsible for the protection, care (including veterinary) and training of a puppy from Hero's Puppy for Life Organization.

10. You need to be aware and acknowledge that if you leave the program prior to successfully passing the graduation requirement of the Advanced Excellence in Canine Behavior evaluation, HPFL can and will pursue legal demand for return of the puppy. YOU MAY request to keep the puppy. In that situation HPFL can legally charge and, if necessary, pursue for the cost of the puppy plus the significant value increase of your trained puppy. Please respond in your own words to this question.

Not applicable for the virtual training program.

11. **Hero's Puppy for Life's desire is for you to have a life as close to that which you had prior to your trauma. In your own words do you have the desire for a better life?**

12. You will be required to be the caregiver, trainer and guardian for the puppy placed in your care by HPFL? In your own words, please acknowledge this and that you will not shirk this tremendous and important responsibility in building a great bond between you and your future service dog?

13. HPFL's program does not allow our dogs to be taken to a dog park. One encounter with a vicious dog in a dog park can potentially ruin your future service dog. In your own words, please acknowledge that **you will not take or allow your puppy to be taken to a dog park and that if so doing, it is grounds for dismissal from the program.**

14. In your own words, please acknowledge that **should you be arrested, convicted, or jailed for any reason in any legal jurisdiction before graduation from the training program, it will be grounds for the immediate dismissal from the program and surrender of the puppy placed with you by Hero's Puppy for Life Organization.**

15. Over the course of this training program you will be spending many hours working with and training a puppy to become an ADA-compliant Service Dog. Are you willing to put in the work and effort that is required for this program and that anything less can result in your being asked to surrender the puppy back to HPFL?

16. Most importantly, please explain in your own words why you feel you have a need for a service dog and what expectation do you have for your life once you and the puppy have successfully graduated the Service Dog Training program provided to you?

17. Are there any further questions you have at this moment concerning all that you have been asked from above and that could affect you and your future service dog?

18. At the time of enrollment HPFL asks each individual who will take the virtual courses to voluntarily donate a minimum of \$250 for both of the two formal training courses (\$250 - Our Service and Therapy Dog Preparatory and \$250 - PTSD Task Specific Training Course). Please answer in your own words that you understand and accept of these requests for financial support of Hero's Puppy for Life Organization.
